Our Team-Building Services

Escape room games challenge teams to work together to explore, find clues, and solve puzzles in an immersive adventure. But you can bring your employees to EXIT Santa Cruz for more than a fun game. We use research to design innovative team-building experiences that can transform your workplace.

Skill-building

Discover communication, creativity, and collaboration

The new environment and time limitations of escape room games reveal the group dynamics that will make or break your organization. The discussion afterward will help your team understand what you excel at and how you can improve.

Our research shows that people enjoy escape rooms for different reasons. Some love the challenge of figuring out puzzles, whereas others find the collaborative nature of the games most gratifying.

All of the escape room games at EXIT require teams to communicate well and use creative problem-solving to succeed, but some rely more on logic and others more on organization. Talk with our staff to identify the best fit for your team.

Flexible

We meet your needs

With our 5 games of varying sizes, we can accommodate groups as small as 5 and as large as 50. Our facilitator customizes the activities and discussion for your group's unique needs.

Choose from three session lengths to fit your budget and goals. We offer flexible scheduling with bookings during the weekday, evenings, or on weekends.

Our convenient location in downtown Santa Cruz makes it easy for you to finish your day with a delicious meal or trip to the beach.

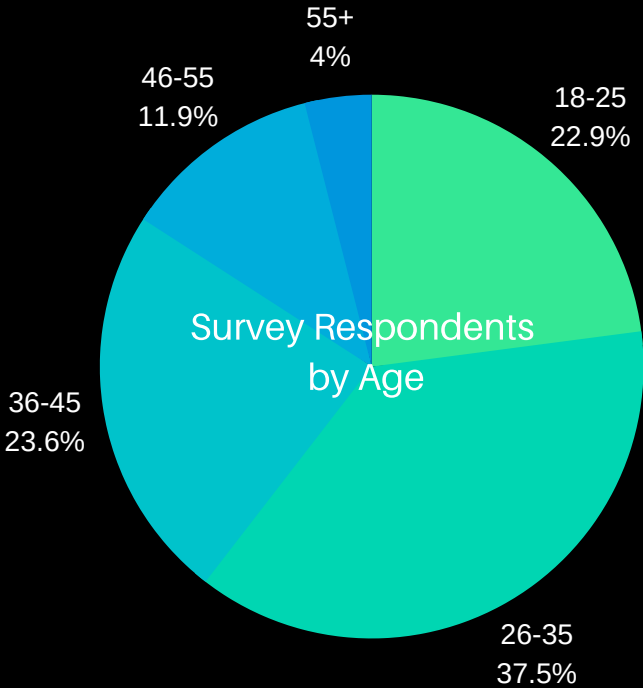

Inclusive

Something for everyone

Escape room games are enjoyed by a wide range of people. In our national survey of 442 adults who had played an escape room game in the past three months, 59% were women and 41% were men. 36% of respondents were aged 26-35 and 24% were aged 36-45.

Men and women and all five age groups had just as much fun and found the games they played to be similarly challenging.

Accessible

All players welcome

At EXIT, our games use a variety of skills, so players with disabilities can fully enjoy and contribute to the team. Those with limited mobility or who use wheelchairs can navigate our building and escape rooms with ease. All games include seating and low tables, and none require climbing, crawling, or navigating tight spaces.

Accommodations or modifications are available at any time. A Gamemaster oversees every game to ensure a fun experience for all.

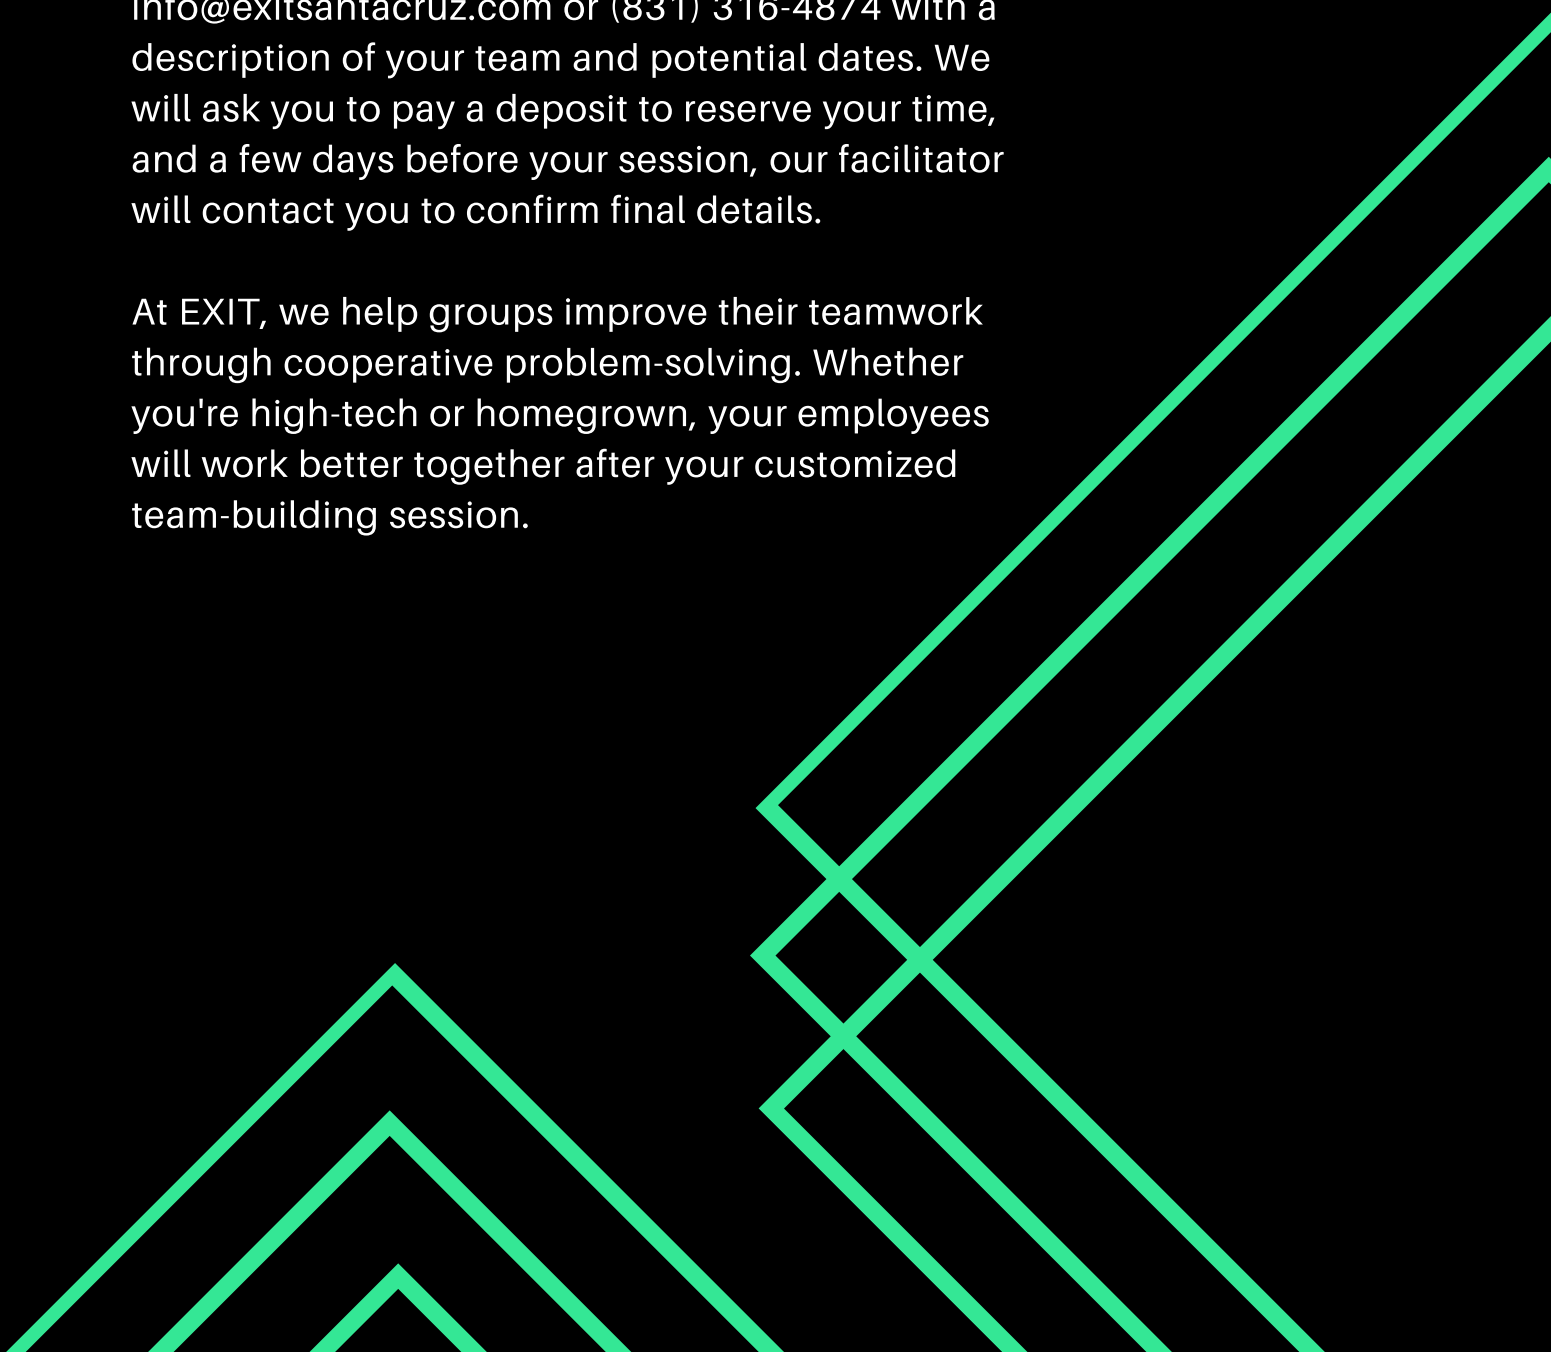

Skip the ordinary off-site

*Get in touch to discuss your team-
building needs*

To get started, contact us at info@exitsantacruz.com or (831) 316-4874 with a description of your team and potential dates. We will ask you to pay a deposit to reserve your time, and a few days before your session, our facilitator will contact you to confirm final details.

At EXIT, we help groups improve their teamwork through cooperative problem-solving. Whether you're high-tech or homegrown, your employees will work better together after your customized team-building session.
